

# Access to education means access to opportunity.

WGU Texas won't rest until everyone has access to higher education—and the tools to make it possible.

21 million Americans struggle with internet access, making it difficult to earn a degree online. At WGU Texas, we strive to offer students opportunities to earn their degrees, which is why we created the Online Access Scholarship. For qualified students, the scholarship provides a way to complete their degrees online from home, as long as they are active and in good standing.

## What does the scholarship provide?

- Internet installation fees
- Monthly access fees
- Refurbished laptop and webcam

## ONLINE ACCESS SCHOLARSHIP

Apply free by June 30, 2021

If you're ready to continue your education through one of WGU Texas' accredited degree programs, don't let internet access be a barrier between you and your goals. Apply for the Online Access Scholarship for an opportunity to complete your courses from the comfort of your own home.
