

NEBRASKA

Institutional Authorization

Western Governors University is authorized to provide its educational programs in Nebraska through a state authorization reciprocity agreement (NC-SARA). More information about NC-SARA is available on their [website](#).

Licensure Pathway

Candidates applying for a teaching license in Nebraska do so through the direct licensure pathway. Direct licensure is available when a state allows candidates to be licensed upon completion of a program that is approved in the state of Utah. Candidates apply for licensure upon WGU confirming completion of an out-of-state program. They are not required to obtain a Utah license. Complete details on licensure requirements in the state of Nebraska as well as information on applying using the direct licensure pathway can be found in the [licensure handbook](#).

Educational Prerequisites

WGU's coursework is not pre-approved by the Nebraska Department of Education to fulfill the requirement for Human Relations Training. However, the required coursework is covered by WGU Bachelor's education preparation programs. Masters students must complete this requirement on their own (either through courses taken for their undergraduate degree or at a Nebraska institution). The Nebraska Department of Education states that transcripts from out of state colleges will be reviewed to see if the applicant has taken a course that can be used to meet the [Human Relations Training Requirement](#). If no course is found the applicant will be given an opportunity to meet the requirement at a later date.
